**9:30am Netanya AACI Tiyul**

**Description:**

Please note this is a repeat programs after our very successful previous trips. Near a cinema multiplex and a non-descript highway junction outside Tel Aviv is the place where Israel's secrets go when they get old. The Israel Intelligence Heritage & Commemoration Center (IICC) is devoted to shedding light on some of the more secretive chapters in Israel's history. Its mission is to honor, remember and preserve information about members of Israel's intelligence agencies, and to commemorate the fallen from all branches of Israeli intelligence. The Center, a non-governmental organization, was created in response to public pressure for more transparency. During our visit we will see two films: The Power of Knowledge, which describes the process by which the intelligence community manages current threats, and an historical documentary film which tells of the IICC's involvement in the rescue of Jewish communities in peril in Yemen, Iraq, Morocco, Ethiopia and other regions. From there we will visit the Terror Exhibition Display which illustrates tangible threats, propaganda, the perpetuation of hate and the intelligence war against terrorism. After our lunch break we shall hear veterans of the intelligence community telling stories of missions in which they were involved. To end our visit we will walk through the Commemoration Maze. Please bring your own sandwiches for lunch. There will be coffee, tea and biscuits throughout the day. Price for members NIS 130 After ??? NIS 140 Depart: Young Israel 9.00am, Kikar 9.10am Return: Approx. 4.30pm

**Where:** Shmuel HaNatziv St 28, Netanya

**Description:**

Are you aware of the campaign to relocate the Leviathan gas rig? If so, you may be interested in attending an informative presentation given by Moshe Barak B. Sc. Environmental Eng. Technion IIT, who is an activist currently participating in the effort to bring gas to Israel in a safe manner. The meeting will examine the consequences of the construction of a rig for processing gas from the Leviathan repository, which is planned to be placed during 2019 only 9km from Dor Beach and, subsequently also at Emek Hefer, east of Netanya. Moshe Barak wishes to highlight the serious consequences resulting from the release of carcinogenic toxins which could result from any malfunction of the rig; such as an accidental leak, an earthquake or a missile strike. Furthermore, as part of the production process of extracting the gas, water rich with heavy metals (such as Mercury) will need to be pumped out of the sea bed and will be poured out near the beach, in close proximity to the desalination plant in Hadera. This, he considers, would create an ecological disaster and potentially destroy your beautiful beaches for ever. The Homeland Guardians are a large group of worried citizens who regard this project as a "dangerous and risky plan". Do come along to hear more about this important topic, which directly affects all residents of Netanya. Members pre-paid NIS 20 Members at door NIS 25 Non-members NIS 30 E: 20/3/18

### 9am Netanya AACI Tiyul "Tel Aviv Treats"

**Description:**

First stop: Beit Hair (City Hall) Museum, Tel Aviv. The tour of the City Hall includes the exhibition "The City Uncovered to the Eye"; a visit to the reconstructed office of the legendary mayor Meir Dizengoff, as well as changing exhibitions on the gallery floors. The exhibition "The City Uncovered to the Eye" is based on photographs taken from thousands of photo albums submitted by veteran residents of Tel Aviv which were commissioned for the city's centennial celebrations. Vibrant with life, entrepreneurship and passion of creation, this modern, colorful city rose from the sand, and this collection of pictures from founders, residents, new immigrants, tourists and guests documents many historic occasions as well as opening a window to everyday life scenes. A documentary film will present landmark events in the city's 100 year history. The reconstructed office of Mayor Meir Dizengoff and the permanent exhibition of his work reflects the exceptional reciprocal relationship that existed between the city's first mayor and its residents. Second Stop: Bialik House. The residence of Israel's national poet, Haim Nahman Bialik was built in 1924 upon Bialik's arrival in Israel and is one of Tel Aviv's most authentically preserved and beautiful houses. It contains the poet's private collection, magnificent furniture, a rich library and an exhibition which illuminates Bialik's immense contribution as the architect of Hebrew culture. This will be followed by lunch at the Dizengoff Centre. Third Stop: Urban Farm. This fascinating urban farming complex, which has been set up on Dizengoff Centre's rooftop, is designed to demonstrate that vegetables can be grown successfully without pesticides by anyone, anywhere – even in the heart of a busy city. You are invited to observe how aquaponic and hydroponic methods (growing plants in water without any soil) can be implemented with successful results. Hydroponic leafy greens produced using these sustainable techniques are supplied to individuals and restaurants in the area. Growing kits are available to encourage people to grow healthy food independently at home, office and school. Price for members NIS. After 8 April. #### Netanya AACI Film Screening "Remembering Baghdad" followed by talk with Oded Amit

**Where:** Shmuel HaNatziv St 28, Netanya

**Description:**

Using a unique archive of powerful home movies and photos alongside public source news footage, Fiona Murphy's highly acclaimed documentary film explores the history of five families from the Jewish community in Iraq as the arc of their lives goes from unbounded optimism and prosperity to persecution and terrified escape. At the start of this story, the 2,600 year-old Jewish community in Iraq is flourishing, with ministers in government, officers in the army and invitations to the best parties. We learn that Iraq, once the pre-eminent center of learning in the Jewish world, was also one of the most diverse places on earth, more tolerant of its minorities than any European nation. We follow the characters as their lives expand under the puppet regime installed by the British, as they survive a Nazi-inspired coup in 1941, the creation of Israel in 1948 (which necessitated the dramatic departure of 120,000 Jews), the massacre of the Royal family in 1958, the arrival of the Ba'ath Party in 1963 and the catastrophic consequences of the Six Day War with Israel in 1967. Today, following decades of war and instability, we see North Londoner Edwin Shuker return to the country he loved, where he hopes to buy a house in Baghdad, so that he can say "the Jews have not all gone". His intention is to plant a seed of hope for the future. The film will be followed by a talk given by Oded Amit who, as a young man, experienced terrible persecution in Iraq, but managed to escape with his sister to Tel Aviv in 1970, via Iran, in order to join their relatives in Israel. **Where:** The Israel Intelligence Heritage & Commemoration Center (IICC)

**Description:**

Please note this is a repeat programs after our very successful previous trips. Near a cinema multiplex and a non-descript highway junction outside Tel Aviv is the place where Israel's secrets go when they get old. The Israel Intelligence Heritage & Commemoration Center (IICC) is devoted to shedding light on some of the more secretive chapters in Israel's history. Its mission is to honor, remember and preserve information about members of Israel's intelligence agencies, and to commemorate the fallen from all branches of Israeli Intelligence. The Center, a non-governmental organization, was created in response to public pressure for more transparency. During our visit we will see two films: The Power of Knowledge, which describes the process by which the Intelligence community manages current threats, and an historical documentary film which tells of the IICC's involvement in the rescue of Jewish communities in peril in Yemen, Iraq, Morocco, Ethiopia and other regions. From there we will visit the Terror Exhibition Display which illustrates tangible threats, propaganda, the perpetuation of hate and the Intelligence war against terrorism. After our lunch break we shall hear veterans of the Intelligence community telling stories of missions in which they were involved. To end our visit we will walk through the Commemoration Maze. Please bring your own sandwiches for lunch. There will be coffee, tea and biscuits throughout the day. Price for members NIS 140E: 12/3/18

### 2:50pm Netanya AACI Tiyul "Not just for the Young"

**Where:** Tel Aviv

**Description:**

Here is a great afternoon/evening trip to lift the spirits -in more ways than one. First stop is the Milk & Honey Whisky Distillery, which describes itself as a "hidden gem" among the workshops and warehouses of the small industrial zone on the border of Tel Aviv and Jaffa, right by the Bloomfield Soccer Stadium. The distillery, which is a first in Israel, uses only the highest quality materials and combines traditional methods with modern manufacturing processes in order to produce Israel's best Single Malt Whisky. We will learn about the history and process of distillation, walk through the various stages of spiritmaking - from grain to glass - and finish with a guided tasting session. After partaking of what is on offer at the distillery our bus will take us on our merry way to nearby Florentin. In recent years, Florentin has become a bustling bohemian hub where derelict buildings stand next to smart new apartment blocks. Expensive furniture shops jostle alongside ancient wholesale businesses with rotting signs. Our guide from the Society for the Protection of Nature in Israel will take us on an evening walking tour through the streets of Florentin and South Tel Aviv to discover the world of Graffiti and learn about this upcoming neighborhood. We will see some incredible murals while learning about contemporary urban artists, their lifestyle, and the forms and mediums they employ. Price includes guided tour of distillery, tastings and guided evening walking tour of Florentin and South Tel Aviv. Price does not include supper - bring your own or buy at kosher eatery (NIS 70). Price for members NIS 250 After 1 July NIS 260 Depart: Young Israel 2.50pm, Kikar 3.00pm Return: Approx. 10.00pm 23/4/18
