#### Netanya AACI Film Screening of "Bal Ej: The Hidden Jews of Ethopia" MOVED FROM MARCH 21

**Where:** Shmuel HaNatziv Street 28, Netanya

**Description:**

Q & A with Film Director, Irene Orlansky Following a hundred-year old account of the prominent Jewish Polish scholar Jacque Faitlovich, the film-maker travels to discover and explore a sect of secret Jews in Ethiopia. Named Bal Ej for their artisan skills, they are craftsmen who have been persecuted by their Orthodox Christian neighbors. Having been deprived of basic rights such as ownership of land, they have adopted crafts such as pottery, weaving and iron smithery in order to survive economically. Fearing persecutions, they appear Christians outwardly, and practise Judaism in strict secrecy. The synagogues are hidden deep in the mountains and have never before been visited by strangers. Some of their ancient traditions trace back to biblical times and have been completely forgotten by the rest of the world. The film Bal Ej: the Hidden Jews of Ethiopia lifts the curtains of hundreds of years, as the visit of the film-maker reveals the history, customs and culture of this remarkable community to the world. The director, Irene Orlansky, was born in Ukraine to a family of holocaust survivors from Poland and is an Israeli musician, producer, ethnographer and film-maker. In recent years she has devoted her work to exploring the culture, music and traditions of remote Jewish communities in Asia and Africa. EXACT STARTING TIME TBA Members pre-paid NIS 40; Members at Door NIS 50 Non-members NIS 60 E: 16/1/18

### Netanya AACI Scots Jews:Photographic Exhibition "Identity, Belonging and the Future"

**Where:** Shmuel HaNatziv Street 28, Netanya

**Description:**

Ongoing From Sunday 25 March Judah Passow and Michael Mail have compiled an exhibition of fascinating photographs which has been on tour and we are delighted to present their exhibition. There have been Jews in Scotland since at least the 17th century, coming initially in ones and twos to study at Scotland's famed universities and then in increasing numbers through the 19th and into the 20th centuries as persecution in Eastern Europe made Jewish life increasingly precarious. While maintaining its particular traditions, the Jewish community prided itself in the way it quickly became immersed in Scottish society. The religious, educational and welfare institutions established were expressions of communal confidence - and confidence in Scotland. Jews had arrived in a land that uniquely for Europe had no history of state-sanctioned anti-Semitism. The sons and daughters of the Scottish Jewish community have gone on to make significant contributions in their fields, producing scientists and doctors, judges and MPs, artists and writers - and farmers and foresters, kilt makers and whisky distillers! It remains a small community, at its height never more than 16,000, yet big in spirit, with a breadth of activity that makes it seem many times larger. Jews came to Scotland seeking refuge and found a home. E: 16/1/18

#### Netanya AACI Lecture with Ed Bielawski-"Invisible Jews - Surviving the Holocaust in Poland"

**Where:** Shmuel HaNatziv Street 28, Netanya

**Description:**

AACI Member Eddie Bielawski was born in mid-1938 in Poland, he is probably one of the youngest Holocaust survivors with any memory of the war years. The Bielawski family survived the Holocaust by becoming invisible. After the war, they moved to Canada via Vienna. Eddie has a B.A. in English and was a high school teacher in Canada for four years and in Netanya, Israel, for 38 years, where he retired and still resides with his wife. He has three children and ten grandchildren, all living in Israel. After many years of preferring not to talk about his childhood, Eddie recently published his memoirs. Join us to hear his harrowing story, as we prepare ourselves for Holocaust Memorial day. What distinguishes this extraordinary narrative of survival through the Holocaust is the fact that Yitzhak Bielawski, the author's father, managed to keep his entire family safe and alive. Most incredibly, he built bunker after bunker and hiding place after hiding place, where for three years (1941-1944) they managed to overcome suffering and deprivation. With incredible endurance, they survived the ordeal with great resilience, to restart their lives in a new and more tolerant environment." Members pre-paid NIS 25. Members at Door NIS 30. The Israel Intelligence Heritage & Commemoration Center (IICC) is devoted to shedding light on some of the more secretive chapters in Israel's history. Its mission is to honor, remember and preserve information about members of Israel's intelligence agencies, and to commemorate the fallen from all branches of Israeli intelligence. The Center, a non-governmental organization, was created in response to public pressure for more transparency. During our visit we will see two films: The Power of Knowledge, which describes the process by which the Intelligence community manages current threats, and an historical documentary film which tells of the IICC's involvement in the rescue of Jewish communities in peril in Yemen, Iraq, Morocco, Ethiopia and other regions. From there we will visit the Terror Exhibition Display which illustrates tangible threats, propaganda, the perpetuation of hate and the Intelligence war against terrorism. After our lunch break we shall hear veterans of the Intelligence community telling stories of missions in which they were involved. To end our visit we will walk through the Commemoration Maze. Our volunteers are busy planning a unique event to celebrate Israel's 70th anniversary. Yes, we know there is no such word as a bruncheon, but it seemed the perfect word to describe a mid-morning festive meal that will include all our Israeli favorites. Our entertainment will include a short performance by our choir, a collation of movie excerpts with special relevance to Israel and a presentation of Only in Israel anecdotes. Full details and price to follow Only In Israel It's happened to all of us whilst living in Israel: an experience so unique, for better or worse, that leaves us with our mouths open and a tale to tell.... We are compiling a selection of OII (Only In Israel) anecdotes that will be presented at our Israeli Bruncheon. We would love to hear and include your experiences. Please write them up and send them to info@netanyaaci.org.il E: 4/12/17

**Description:**

In the great depths of the archive, six hours of interview footage was discovered of one of modern history's greatest leaders- David Ben-Gurion. It is 1968 and he is 82 years old, five years before his death. He lives in his secluded home in the desert, removed from all political discourse, which allows him a hindsight perspective on the Zionist enterprise. Ben-Gurion's introspective soul searching is the focus of this film, and his clear voice provides a surprising vision for today's crucial decisions and the future of Israel. ### 9:30am Netanya AACI Tiyul

**Description:**

Please note this is a repeat programs after our very successful previous trips. Near a cinema multiplex and a non-descript highway junction outside Tel Aviv is the place where Israel's secrets go when they get old. The Israel Intelligence Heritage & Commemoration Center (IICC) is devoted to shedding light on some of the more secretive chapters in Israel's history. Its mission is to honor, remember and preserve information about members of Israel's intelligence agencies, and to commemorate the fallen from all branches of Israeli intelligence. The Center, a non-governmental organization, was created in response to public pressure for more transparency. During our visit we will see two films: The Power of Knowledge, which describes the process by which the Intelligence community manages current threats, and an historical documentary film which tells of the IICC's involvement in the rescue of Jewish communities in peril in Yemen, Iraq, Morocco, Ethiopia and other regions. From there we will visit the Terror Exhibition Display which illustrates tangible threats, propaganda, the perpetuation of hate and the Intelligence war against terrorism. After our lunch break we shall hear veterans of the Intelligence community telling stories of missions in which they were involved. To end our visit we will walk through the Commemoration Maze. Please bring your own sandwiches for lunch. There will be coffee, tea and biscuits throughout the day. Price for members NIS 130 After ??? ### 9am Netanya AACI Three-Centre Tiyul to Tel Aviv

**Description:**

First stop: Beit Hair (City Hall) Museum, Tel Aviv. The tour of the City Hall includes the exhibition "The City Uncovered to the Eye"; a visit to the reconstructed office of the legendary mayor Meir Dizengoff, as well as changing exhibitions on the gallery floors. The exhibition "The City Uncovered to the Eye" is based on photographs taken from thousands of photo albums submitted by veteran residents of Tel Aviv which were commissioned for the city's centennial celebrations. Vibrant with life, entrepreneurship and passion of creation, this modern, colorful city rose from the sand, and this collection of pictures from founders, residents, new immigrants, tourists and guests documents many historic occasions as well as opening a window to everyday life scenes. A documentary film will present landmark events in the city's 100 year history. The reconstructed office of Mayor Meir Dizengoff and the permanent exhibition of his work reflects the exceptional reciprocal relationship that existed between the city's first mayor and its residents. Second Stop: Bialik House. The residence of Israel's national poet, Haim Nahman Bialik was built in 1924 upon Bialik's arrival in Israel and is one of Tel Aviv's most authentically preserved and beautiful houses. It contains the poet's private collection, magnificent furniture, a rich library and an exhibition which illuminates Bialik's immense contribution as the architect of Hebrew culture. This will be followed by lunch at the Dizengoff Centre. Third Stop: Urban Farm. This fascinating urban farming complex, which has been set up on Dizengoff Centre's rooftop, is designed to demonstrate that vegetables can be grown successfully without pesticides by anyone, anywhere – even in the heart of a busy city. You are invited to observe how aquaponic and hydroponic methods (growing plants in water without any soil) can be implemented with successful results. Hydroponic leafy greens produced using these sustainable techniques are supplied to individuals and restaurants in the area. Growing kits are available to encourage people to grow healthy food independently at home, office and school. Price for members NIS. After 8 April. Depart: Young Israel 7:30a.m., Kikar 7:40a.m. - Return: Approx. 6.00pm. E: 5/3/18

**Where:** The Israel Intelligence Heritage & Commemoration Center (IICC)

**Description:**

Please note this is a repeat programs after our very successful previous trips. Near a cinema multiplex and a non-descript highway junction outside Tel Aviv is the place where Israel's secrets go when they get old. The Israel Intelligence Heritage & Commemoration Center (IICC) is devoted to shedding light on some of the more secretive chapters in Israel's history. Its mission is to honor, remember and preserve information about members of Israel's intelligence agencies, and to commemorate the fallen from all branches of Israeli Intelligence. The Center, a non-governmental organization, was created in response to public pressure for more transparency. During our visit we will see two films: The Power of Knowledge, which describes the process by which the Intelligence community manages current threats, and an historical documentary film which tells of the IICC's involvement in the rescue of Jewish communities in peril in Yemen, Iraq, Morocco, Ethiopia and other regions. From there we will visit the Terror Exhibition Display which illustrates tangible threats, propaganda, the perpetuation of hate and the Intelligence war against terrorism. After our lunch break we shall hear veterans of the Intelligence community telling stories of missions in which they were involved. To end our visit we will walk through the Commemoration Maze. Please bring your own sandwiches for lunch. There will be coffee, tea and biscuits throughout the day. Price for members NIS 140 E: 12/3/18
