Not Just for the Young Sunday 19 August

Here is a great afternoon/evening trip to lift the spirits - in more ways than one.

First stop is the Milk & Honey Whisky Distillery, which describes itself as a "hidden gem" among the workshops and warehouses of the small industrial zone on the border of Tel Aviv and Jaffa, right by the Bloomfield Soccer Stadium. The distillery, which is a first in Israel, uses only the highest quality materials and combines traditional methods with modern manufacturing processes in order to produce Israel's best Single Malt Whisky. We will learn about the history and process of distillation, walk through the various stages of spirit making – from grain to glass – and finish with a guided tasting session. After partaking of what is on offer at the distillery our bus will take us on our merry way to nearby Florentin.

In recent years, Florentin has become a bustling bohemian hub where derelict buildings stand next to smart new apartment blocks. Expensive furniture shops jostle alongside ancient wholesale businesses with rotting signs. Our guide from the Society for the Protection of Nature in Israel will take us on an evening

walking tour through the streets of Florentin and South Tel Aviv to discover the world of Graffiti and learn about this upcoming neighborhood. We will see some incredible murals while learning about contemporary urban artists, their lifestyle, and the forms and mediums they employ.

Price includes guided tour of distillery, tastings and guided evening walking tour of Florentin and South Tel Aviv. Price does not include supper – bring your own or buy in Florentin (limited kosher options).
